

RYAN HARWOOD

The Glenorchy Football Club would like to congratulate Ryan Harwood on being chosen in the AIS squad for season 2009. Part of Ryan's selection in this squad is they partake in a trip to South Africa – which Ryan is currently doing now.

The 30 chosen in this squad are supposedly the best 30 kids that are being looked at for the National Draft in November. We wish Ryan well with the challenges of being drafted. What a wonderful experience!

DANIEL "MILKO" LAMONT - GENUINE GOOD GUY.....

Recently the Glenorchy Football Club had a vacancy with the Reserves coaching position and appointed the highly decorated Daniel Lamont - I caught up with him during the week to ask a few questions.

JW - Congratulations on your appointment. I understand you have been involved with coaching at junior level is this appointment something that you have set your sights on?

DL - Thanks Jaimes - that's correct I have coached under 14's and 15's at the club for the last two seasons and enjoyed my time with both teams. I was fortunate enough to be involved with some great kids and found the role to be very rewarding, I hope to see a number of the boys running around with the Seniors in the future. I enrolled in the AFL's level 2 coaching course last year and have been working through this process with the intention of expanding my knowledge in all areas of coaching and I think the opportunity to coach the Reserves this year will assist me with this learning curve. I cant say I have had my sights on this appointment specifically, I am happy to be involved in any form with helping the club.

JW - The team is a relatively young one - what goals have you set for the team this season?

DL - We are a fairly young team (apart from me!), as I think we will find most reserves teams will be in this competition. We are aiming to continue our no-nonsense Glenorchy approach to football as a team this year, were we promote team achievement ahead of individual success and give 100% effort against every opposition. As the coach I will obviously be aiming for as many players as possible to improve to an all round level that leads them to playing senior football at this club, which will also assist with our depth and competitiveness as a club.

JW - If you had to go out on a limb and make some predictions - who amongst your current playing group has the potential to be a 150 game senior player with our club? I don't go out on limbs Jaimes, I haven't since I was about 16 (you know that), however I am more than happy to make a prediction, the majority of the players on the current reserves lists fit into this category - I am sure they will all continue to work hard and when they get their opportunity to play senior football with the club will grab it with both hands.

JW - Thanks for spending some time with me Daniel - I know your always pressed for time.

DL - Thanks I will always make time for you Jaimes.

JW - Mmmm.... That's a worry!
