

Joseph gives back to Glenorchy Football Club

Former Glenorchy footballer and Round 12 NAB AFL Rising Star nominee, Aaron Joseph, from the Carlton Football Club has earned his former club the NAB Club Recognition Award.

As part of NAB's commitment to grassroots and junior football, Joseph's junior club, Glenorchy, receives a NAB Club Recognition Award designed to provide practical and financial resources to assist in developing more future champions. This includes \$1,500 in a NAB Community Fee Saver Account, Sherrins, training equipment, AFL training manuals and a framed presentation piece featuring Joseph.

Local NAB representative Gregg Harris says the NAB AFL Rising Star exists to support grassroots players and football communities and helps young Australians fulfil their dream of playing in the AFL.

"The NAB Club Recognition Award is a fantastic initiative that provides each nominee with an opportunity to acknowledge the important role junior clubs play in the early stages of development, while also providing local clubs, communities and media with a chance to congratulate nominated players," Mr Harris said. A NAB Representative will present Glenorchy Football Club with their NAB Club Recognition Award within the next few weeks.

"MILKO" - 150 GAMES

Tomorrow sees Daniel Lamont play his 150th game for our club and "Milko" automatically becomes a Life Member of the Glenorchy Football Club. This is a tremendous honour for a great character around our club.

JW – What does tomorrow mean to you?

DL – Very honoured mate, to have my name on the same board as some of the great players that have played with the club means a great deal to me, I was never going to win a best and fairest or individual award so to gain life membership with the club was something I aimed for.

JW – Who are some of the people that have played an important part in your career?

DL – My mum and my sister have nearly been to every game I have played in from under 8's down at Huonville, to seniors and reserves at the wide range of clubs I have played with. Nancy Foale, Chris Ryan and Reidy have kept me on the right track on the field and off the field Bryan COOK has kept me well hydrated and Mrs Caroline.

JW – How have you found the role this year stepping up as a playing coach of our Reserves?

DL – I have learnt a great deal about the players around the club in my role this year, the coaching/playing role has allowed me to work with the younger members of our playing group more closely both at training and on game day and so far it has been great to see so many young blokes having a crack at senior/reserves level.

JW – How much longer can we expect to see you running around in the no.37 jumper of Glenorchy?

DL – Being the natural athlete I am Jaimes, who knows depends on next years draft, I had a brief conversation with Guy Mckenna last week about the new Gold Coast team and I have promised bomber Thompson that I would have a run with the cats before I hang the boots up, so who knows.

JW – Congratulations it is a wonderful effort. I never thought you would get there after I took a mark on you from 40 out and kicked truly at Pontville in a Glenorchy / Burnie Dockers practice match in 2002.

DL - I recall being at the opposite end of the ground when you kicked that goal James, but it is definitely a career highlight of mine.
